Dear [REDACTED]

I really hope you pick us for the house because currently share a room with my brother and it is really cramped. Also, my Mom says that if we get a house we can get a dog, and I really want to get a dog.

I really like the house and I think my cat will like the yard (and the dog if and when we get one) so I really hope you will pick us for the house.

Sincerely,
[REDACTED]
